

St. Paul's School Yearbook  
1980-81

As I write this, the school is full of its accustomed busyness. Students and teachers are working in their classrooms, my ceiling carries the news that our new play structure is full of playing students, and someone is on the telephone with Mrs. Delay. It reminds me that St. Paul's School is about people working and playing together, supporting and caring for one another. That may be why it is always hard to say "Good-bye" to those who are leaving us.

That includes our graduating sixth graders and other younger students whose families are moving elsewhere. To all of them we wish the very best in their new schools and remind them that as alumni, they always are welcome to stop by for a visit as part of our extended family. It also includes, this year, Mrs. Prentke and Mrs. Andrews. Both of them have been so much a part of our faculty and student life that it is hard to imagine school without them. There will be excellent replacements on hand in the Fall, but I know we all shall miss their special gifts. To them, too, our very best wishes and hopes for frequent visits. A special word of thanks is due to Edna Hart who for six years has given of her life to us all. She has grown with us at St. Paul's and always will be a valued part of our company.

A handwritten signature in cursive script that reads "David R. Forbes". The signature is written in dark ink and is centered on the page.

I liked when we got to plant seeds. Here are the kinds of seeds. We planted squash and two kinds of poppy and radish and cucumber and pumpkin and marigold.

I liked the talent show. I also liked the special hour when we listened to stories. And I also liked when the story teller came to tell the story about King Midas. I enjoyed planting seeds and when we adopted trees. I enjoyed it when we saw a percussion ensemble.

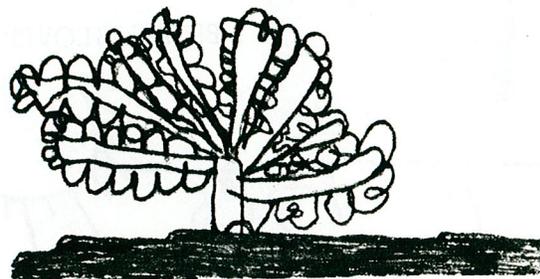

JO-JO TOGBA

Joseph Togba

I liked special hour because we got to make a lot of things. I also liked the talent show because everyone got to try to do something in it. I liked chapel because every class got to do a play. I liked Christmas because we got to buy presents for kids.

My favorite thing in the school year was adopting a tree. I liked the talent show and planting seeds. They were: Squash, California Poppy, Radish, Cucumber, Pumpkin, and Marigold.

JUAN CISNEROS

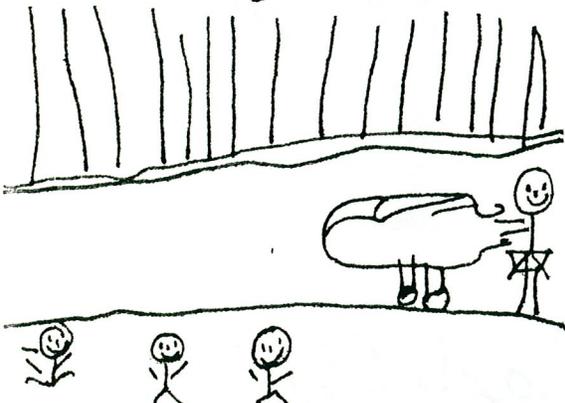

I liked our chapel service and working with clay. It was fun. I also liked planting seeds. It was fun. I liked the way the story teller told his story.
